

EVEREDGE® TECHNOLOGY: THE STORY OF SHARP

As a clinician, you perform at your best because it's what your patients deserve. As the world leaders in hand scaling instrumentation for over 100 years, you can always trust Hu-Friedy to help you deliver the highest quality of care.

Since our premium scaler, EverEdge, was introduced in 2005, other scalers have been released into the market. But **EverEdge Technology stands the test of time** and remains the sharpest and longest-lasting scaler – no gimmicks and nothing to hide.

Even a “sharpen-free” scaler (which is a misleading way of saying it CAN'T be sharpened) can't compare to the quality, value and safety inherent in Hu-Friedy EverEdge scalers.

You expect the highest quality instruments and the truth from Hu-Friedy. We think it's time to dispel the myths. So, what *is* the truth?

THE BENEFIT OF SHARP

**EVERY SCALER MANUFACTURER CAN AGREE ON ONE THING:
SHARPER SCALERS ARE BETTER. WHY? BECAUSE THEY'RE MORE...**

**CLINICALLY
EFFECTIVE**
CALCULUS
IS REMOVED,
NOT BURNISHED

**COMFORTABLE
FOR CLINICIANS**
LESS HAND AND
WRIST FATIGUE

**COMFORTABLE
FOR PATIENTS**
LESS ANXIETY

EFFICIENT
LESS TIME

How the best perform

THE SCIENCE OF SHARP

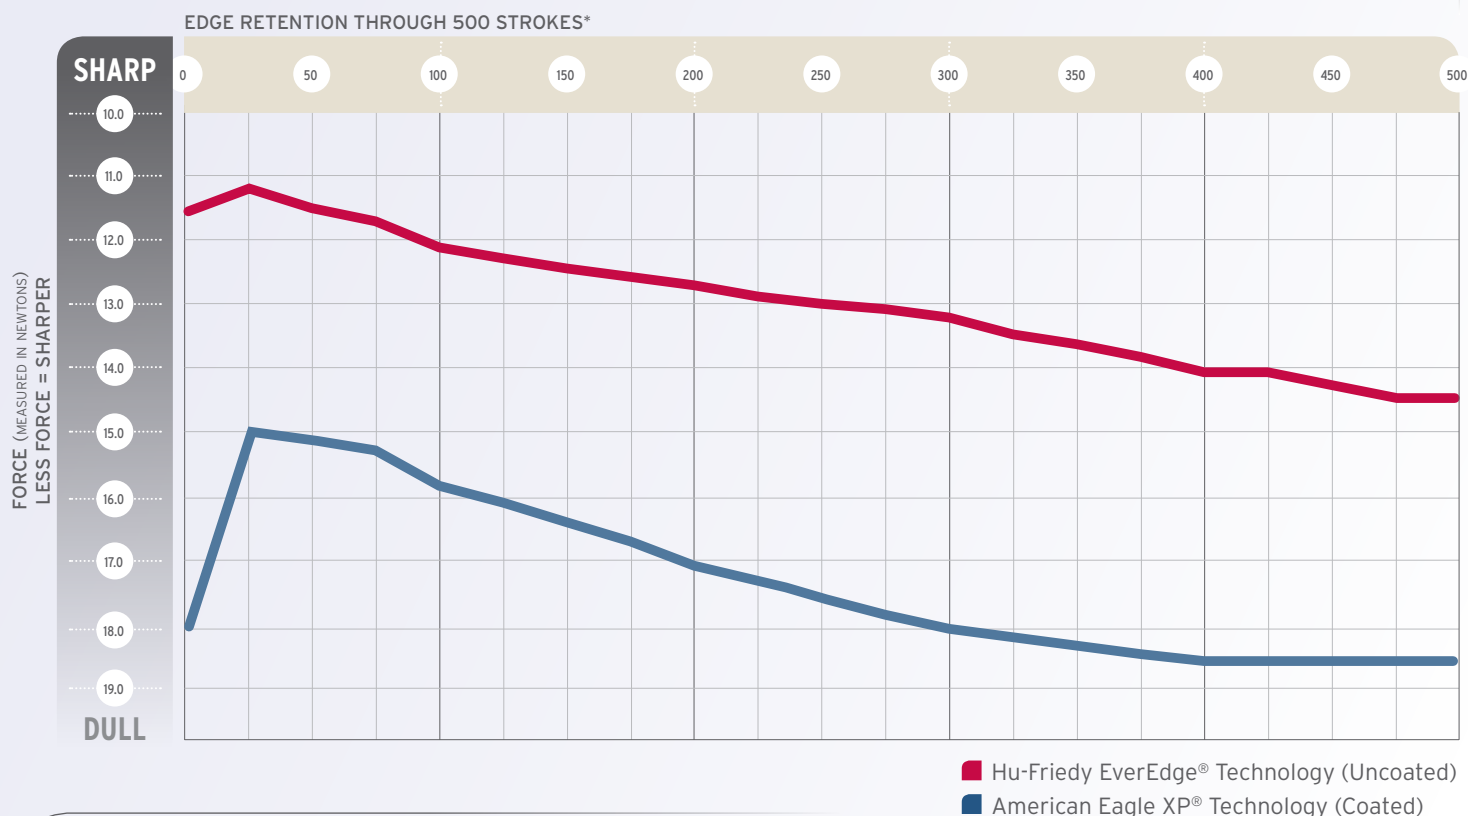

Independent testing was conducted by CATRA, a specialized blade laboratory. They evaluated Hu-Friedy EverEdge scalers alongside American Eagle XP coated scalers.

What we learned: EVEREDGE TECHNOLOGY IS...

**30%
SHARPER**
OUT OF THE BOX

**28%
SHARPER**
AFTER 500 STROKES

**17%
SHARPER**
AFTER 500 STROKES THAN
THE COMPETITOR'S SCALER
RIGHT OUT OF THE BOX

THE HEART OF SHARP

“ I love using EverEdge instruments because they stay sharp so much longer than other brands I’ve tried. And the instant I feel the cutting edge starting to “glide” over a deposit, I can restore a perfectly sharp cutting edge with just a few strokes of the sharpening stone. **WITH SOME OF THE OTHER SCALERS OUT THERE, YOU CAN’T SHARPEN THEM AND WOULD HAVE TO DISPOSE OF THEM AT THIS POINT. WITH EVEREDGE, I HAVE THE LUXURY OF USING WHAT FEELS LIKE A BRAND NEW INSTRUMENT IN LESS THAN A MINUTE!** I choose EverEdge so I can feel confident that I don’t ever have to compromise the quality of care I provide to each and every patient by using an instrument that is dull. ”
