Titanium Implant Scalers

Instrumentation and Procedural Products

PERFORM AT YOUR BEST with our state of the art line of Titanium Implant Scalers. Made from the same titanium alloy as implants and abutments, these scalers are expertly designed and manufactured for implant maintenance, debridement, biofilm removal and can be used both supra and subgingival.

- **Improved visual acuity** with our signature Teal colored Anodized Titanium
- **Optimized sharpness** with cutting edges that are finely honed and sharpened post Anodization process
- **Enhanced instrument characteristics** for Implant maintenance with the ability to remove calculus and biofilm
- **Increased instrument value** with the ability to be sharpened at any time to extend the useful life of the instrument
- **Ergonomic sensitivity** featuring our Ergo handle that offers a large diameter and cross/hatch design for maximum tactile grip and support
