

## WHO WE ARE

Founded in 1908, Hu-Friedy has since become the world leader in dental instrument manufacturing. Today, we take a broader view of the value we offer our customers. We are focused on delivering the highest quality **product**, **service**, and **community** experience in the dental industry in order to help dental professionals perform at their best.

We understand the factors taken into consideration when choosing which company's products to put in your offices. With our elaborate product portfolio, outstanding service reputation, continuing education and passion for community outreach, we are uniquely qualified to establish a partnership that will positively impact your practicing staff and organization.

**IMPROVING LIVES THROUGH BETTER DENTISTRY - SMILE AFTER SMILE**

## SATISFACTION SOLUTIONS

### PRODUCT WARRANTIES

With Hu-Friedy, you are investing in the highest quality which is why we stand behind our products and you, our customers, with product lifetime warranties.

### NATIONWIDE COVERAGE

No matter where your offices are located, Hu-Friedy will have a sales representative nearby in addition to dedicated specialists. Our responsive customer care team is highly trained to ensure that every experience your staff has with Hu-Friedy is a positive one.

### SHARPENING PROGRAM

Hu-Friedy offers a professional sharpening program to keep your instruments performing at their best. Call 1-800-HUFRIEDY for details.

PROGRAMS

## PRODUCT SOLUTIONS

Hu-Friedy offers a vast portfolio of over 10,000 products, providing clinicians with the right solutions at the right prices.

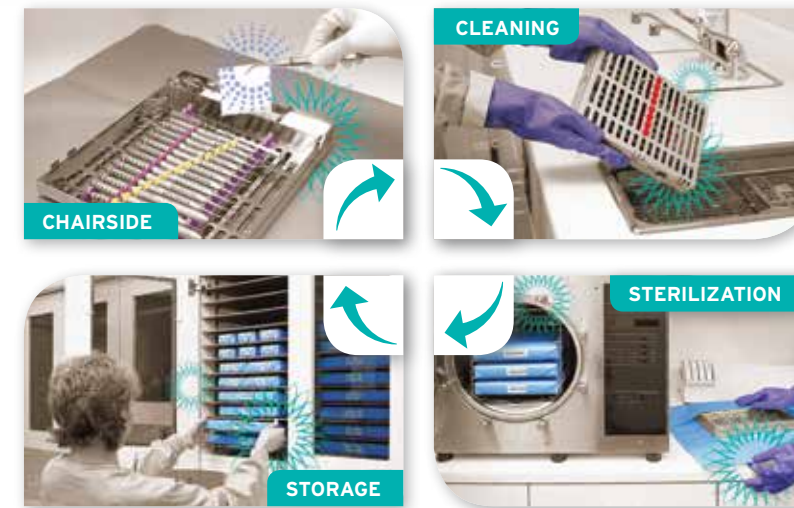

**EFFICIENCY & INFECTION  
CONTROL SOLUTIONS**

The Hu-Friedy Instrument Management System (IMS) standardizes procedural set-ups allowing instruments to be transported safely and efficiently from chairside to storage, leading to reduced risk of sharps injuries, longer life of instruments and increased production.

Additionally, Hu-Friedy offers an extensive line of infection control products and follows guidelines set forth by the Centers for Disease Control and Prevention (CDC) in order to provide infection control and instrument processing solutions for your practice.
